Solid Surfaces

## Premium solid surface, Staron

The internal composition of Staron is uniform and non-porous with luxurious soft textures. It is available in attractive natural textures of a wide range of colours and is a practical choice for kitchens, living rooms, bathrooms, and an artful addition to your living spaces.

The infinite design possibilities with Staron can produce a variety of creative living spaces and cultures.

## Transparent solid surface, Tempest

Tempest combines the elegant patterns of natural stone and the excellent durability and workability of solid surface. It enriches the space with the splendor of precious metals, and creates diamond-like transparencies that heighten the elegance.

Stretch your imagination  
to experience  
the possibilities of Staron.

- Excellent durability
- Easy to clean
- Hygienic
- Repairable
- Versatile materials
- NSF Compliant
- Easy to integrate
- Loaded with colour options
